Final Grade Policy Is Reaffirmed by Faculty

The policy of the college, for some time, has been that final grades for courses are not to be released by faculty members.

THE COLLEGE OATH

"We will never bring disgrace to this, our College, by any act of cowardice or dishonesty. We will fight for the ideals and sacred things of the College. We will revere and obey the College laws and do our best to incite a like respect and reverence in others. We will transmit this College to those who come after us, greater, better, and more beautiful than it was transmitted to us."

They're Talking About . . .

THEY'RE TALKING ABOUT. . . The missing street marker from west 7th street that assumed the duties of a skeleton in a frosh hall closet. . . The new Den telephone that is drowned out by the juke box. . .

THEY'RE TALKING ABOUT. . . The hard working gentleman who spent all day putting a new glass door in the student building and just as he was completing the job—CRASH!!—notice that we have it boarded up now. . . Coke drinkers who paint mustaches on the Pepsi ads. . . The girls in frosh hall who have offered a reward for their missing TIGRESS—has she been catnapped or is she just katnaping???

THEY'RE TALKING ABOUT. . . Getting used to new classes. . . The girl who was campused over the Tower dance weekend. . . The two boys who played partners at hearts (cards) and won the admiration of all???

Letter to the Editor . . .

In regard to the letter in last week's paper about lack of social life facilities on our campus and in our town, I have this reply to Miss Smith.

There are few college towns that have complete enough facilities to handle the social desires of EVERY student on its campus. I do feel that Maryville and the college are doing a fine job of trying to do so.

What There Is To Do

In contrast to some of the statements made by Miss Smith, I would like to make some of my own. . . There are very few independents who, with a little effort, cannot become involved in a sufficient enough number of activities to keep themselves occupied! Departmental organizations do not discriminate between independents and Greeks!

Athletic events are not scheduled only away from our campus! The bowling alley is seldom overcrowded! The theater is never completely filled! Did you know the town has a skating rink!? They play cards in the Den! There is a Den dance every Monday night! Did you attend all of the calendar events on the campus? You can sit and talk anywhere!

The social opportunities are there if you want them. But you aren't going to be led by the hand. You're in college now and you can choose what you want to do.

Is It Just for Today??

Although we have one special week, March 5 to 9, in which to emphasize religion, religion is not to be saved for just one week out of the entire 52.

An Important Part

This particular week will bring us the realization that religion plays an important part in our lives. To many it will bring them closer to God and form an unbreakable link between the person and his faith.

In this age of hydrogen and atomic bombs, missiles, and other methods of warfare, we must turn to God for assistance. With a true faith in God will come an inner peace and a feeling of serenity that will survive under heavy duress.

Consequently, Religious Emphasis Week will aid many a person to find himself, and, in turn, enable him to become a much better person for it.

—Florence Brittain

'Missourian' Presents Dean of Instruction

What would you do if you were asked to be a "teacher of teachers?" This was the problem that Dr. Leon Miller was faced with when he was appointed to the office of Dean of Instruction July 1, 1960.

Has Many Duties

"Who aimeth at the sky, Shoots higher much than he that means a tree."

—George Herbert

A high aim aptly describes Dr. Leon Miller's implementation of his office of Dean of Instruction.

In this capacity he has general supervision of instruction in all divisions and is in charge of the development of any activity that will improve the quality of the scholarship, the instruction, and the curriculum.

He has supervision of the general requirements for graduation and helps develop the specific objectives and the means of evaluation of all phases of the work under instruction and related services in cooperation with the persons responsible for each of the several activities.

In conjunction with chairmen of departments, he also recommends persons for appointment or replacement and acts as chairman of the Faculty Council. Preparing materials as he deems of importance in the improvement of instruction, he presides at Council meetings and at faculty meetings. He presents reports and recommendations to the President and the Board of Regents.

The Dean of Instruction is using many means to meet his duties. Since Dr. Miller has taken office, the faculty are submitting reports on instructional innovations they are planning to use in their courses.

Introduces EDUCOM

He is publishing a periodical publication called NWMSC EDUCOM which is designed as an "educational communication" medium for items pertaining to the curricular and instructional activities of the college. He also has introduced an intra-departmental visitation program with the departments for instructional effectiveness.

During the second semester

Dr. Leon Miller

of this school year, Dr. Miller plans to visit some classes of various departments and will share with them his observations to further improvement on the entire campus.

Dr. Miller was born in Springfield, Missouri. He is married, and he and Mrs. Miller have two daughters.

When he finds spare time Dr. Miller is a sports enthusiast. He is very interested in fishing, bowling, and tennis. He won a number of tournaments in tennis and had the honor of playing in the E. T. O. tournament at Wimbledon, England.

Active Civic Life

In civic affairs, Dr. Miller is president of the Lions Club and second vice commander of the Maryville American Legion Post. He is a member and secretary of the Lutheran Church in Maryville.

The Missourian Staff commends Dr. Leon Miller for his fine efforts to the college and to his community.

Famous Quotes

"As you will notice, the tests do not have letter grades. . . (This way I can give A's to my chosen favorites and flunk the rest.)"

The Stroller was still strolling with his overly gorgeous date, in his dreams, when he recalled the Tower Dance. As he strolled to the strings of Jimmy Dorsey, his floppy ears overheard many compliments about quote: "the nicest dance of the year." CONGRATS to the Union Board!!!

All A-Bored??

The Stroller agrees with many that it is too bad our fine school has lost such a learned athlete as our handsome basketballer. However, despite the fact that our 6' 8" giant was traveling Route 66 during the game with Cape, the Stroller takes his hat off to the team for their outstanding performance against the conference leaders.

Leaving the subject of basketball but staying on the court, the Stroller would like to pay tribute to our very distinguished guest, Eric Severeid—the million-dollar speaker on a ten-cent P.A. system.

Even the Stroller with his cauliflowers perked to the point of strain was having audio complications on his network.

A Teensie Barf

Gliding on to Residence Hall, the Stroller barfed a teensie when he overheard some fraternity pledges asking the girls their hopes, their aspirations, and their dimensions. Mayhaps they're securing more vital statistics for the ole frat files.

With her beautiful, homely face and her fabulously trim dimensions (that caused her to be marked absent once in P.E. when she was standing sideways), the Stroller beams at the thought of finally having a date during Sadie Hawkins Week. "Won't that reallllly be fun," she says. LOOK OUT FELLOWS!!!

See you around. . .

MSC Loses Cage Finale To Kirksville

The Northwest State College Bearcats ended their 23-game 1960-61 basketball season with a 69-81 loss to the Kirksville Bulldogs, posting a 15-8 year, the best in 12.

The loss also gave the Bearcats a 5-5 standing in MIAA play and they are one of four tied for second place in final standings. Kirksville, Springfield and Warrensburg also are 5-5.

In first place is Cape Girardeau on its strong 9-1 posting, and the Rolla Miners are in the cellar with a 1-9 listing.

The Saturday night loss at Kirksville was the fourth in a row for Coach Marion Moss' team, which came out second in the annual MIAA Tourney.

The Bulldogs, who were defeated by the Bearcats twice this season, once in regular play and once in the semi-finals of the holiday tourney, jumped to a 13-7 lead early in the first half and were never in trouble, going out on the long end of a 33-19 score at intermission.

Two of Maryville's starters were banished late in the game, Jerry Meznarich for slugging and Don Drake for pushing.

Meznarich led the Bearcats' scoring with 19 points on five baskets and nine free throws, with J. D. Miller following at 15 points on a 5-5 combination.

Larry Swift, Kirksville ace, hit 27 points for game high on 10 buckets and seven free

throws. Ralph Sterrett, Swift's scoring partner, posted 21 points on a 7-7 combo.

Maryville's defense was ragged and Kirksville kept control of the boards, 55-33.

And at the same time the Bulldogs hit for 31 of 19 tries from the field for a 39 per cent effort. Maryville hit for 22 of 45 tries for 46.4 per cent.

What Makes Pop Corn Pop?

Popping corn contains water. When the water gets hot enough, the kernel explodes. Result: popcorn.

We're not passing this information along as a public service. Actually we're up to the same old game.

You see, popcorn makes most people thirsty. Fortunately, when most people get thirsty they hanker for the good taste of Coca-Cola.

Wouldn't you like some popcorn right now? C'mon now, wouldn't you?
